ACTION!

ACTION! Will we silently look the other way or stand for truth! Will we truly decide to make a difference? Will you join us and be a part of a campaign designed to change minds and hearts? We can stand together For Life! We have launched our "Life Messaging Campaign" (LMC). Because we know abolishing abortion is a two-fold process, legislative and hearting-changing, we must address both. In 2022 after Roe v. Wade was overturned by the U.S. Supreme Court, Ohio's Heartbeat Bill went into effect for a short time. During those weeks there was a 15% decline in abortions, attributed by both sides to the Heartbeat Bill. With that said, we know that legislative measures are hit or miss depending on who is in office. Though legislative efforts are challenging, we must NEVER give up. We must keep trying. CHRISTIANS INFLUENCING OUR GOVERNMENT MUST CONTINUE! Secondly, we also know that helping people to see the truth is effective as well. If young women

What's Happening?

When I heard about the assignation of Charlie Kirk I was physically sick to my stomach, like most people. Charlie spoke truth on many different subject matters, but Charlie was a strong voice for life. Charlie was interviewed by Live Action news in 2021 and he stated the following: "I really believe this – we are gonna get rid of abortion like we got rid of slavery in this country. It's going to happen. They are moral equivalents." This statement is profound. I believe he is correct, but it is going to take people being moved to action. We can say we believe abortion should end all day long, but until we actually do something about it is ONLY then when progress will be made. It is going to take people to continue to stand strong. It is going to take people to continue to push back on this pro-death culture. It is going to take people to DO something. You may have heard this quote, "No one can do everything, but all of us can do something." It is fitting for all of us today. What is the SOMETHING you can do to help bring abortion to an end? Jump in! Join us! Please fill out our volunteer form and get plugged in. Welcome Aboard!

decide against abortion, the industry will close down. Though we will never change all minds, the use of legislative measures AND education will save some babies and will help change many hearts along the way. Both plans are required to bring this heinous practice of killing innocent babies to an end. Our Life Messaging Campaign has two T-shirts that will help bring awareness to Life! The messages are, "Life is Precious" and "Courageously Defending Life." A water tumbler states, "Life is a Gift." By wearing the shirts and/or carrying the tumbler we can impact those in our community. Our friends, neighbors, and strangers will be reading these Life messages. They will begin to think and may even join us to push back against our culture of death. This Life Messaging Campaign is a way to impact hearts and minds! Killing babies is NOT a choice, as our culture propagandizes. Babies are little humans! This campaign will remind our community of that. We never know if someone reading our shirts or seeing our tumblers may be facing a decision between life and death. Will you join us and take ACTION?

LMC Items for Purchase!

We have both cotton and dri fit T-Shirts. The black shirt states, "Life is Precious" and the gray shirt states, "Courageously Defending Life." Both are shown in the below picture as well as pricing and size options.

Cotton shirt: Sizes (S - XL) are \$20.

Dri fit shirts: Sizes (XS - XL) are \$22.

Cotton & Dri Fit

(XXL) are \$24.

Tumbler is \$25.

If you would like to purchase any of these LMC items please use the Life Message Order Form link or email below.
